

Supervisão

En Supervisión es posible consultar el estado de las TAG's e su consulta, así como el tiempo y el valor de retorno de la consulta.

The screenshot shows the 'Painel de Configuração - Plugins' interface for 'Sql Server Import - Supervisão'. On the left is a sidebar with navigation icons for Dashboard, Plugins, Ferramentas, Licença, Dispositivos, Tags, Alarmes, Usuários, and Logs. The main area displays a table with two columns: 'TAG Nome' and 'Status Mensagem'. The table lists 25 tags (PK2.TAG1 to PK2.TAG25) with their respective status messages, all indicating 'OK' and a return value of 0.
